RE: Leaves and Grants

During October and November, the Leaves and Grants Committee will review and recommend on these grant applications, which are due in the Provost's Office by October 11:

- * Research leave grants for one or two semesters of the 1995-1996 academic year;
- * Degree completion grants of one or two semesters of the 1995-1996 academic year;
- * "Other Type" grants which would be implemented before May 20, 1995;
- * Course reduction grants for one course during the 1995-1996 academic year.

In the spring semester, applications will be available for (a) summer 1995 grants; and (b) "Other Type" grants that would be implemented between May 20, 1995, and September, 1995.

Current policies on funds for these grants are as follows:

- * Six full semesters of leaves are available;
- * The amount available for other grants is equal to the mean Full Professor Salary;
- * Up to 8 one-course reductions are available for 1995-1996;
- * "If one or more of the six full semester leaves is unused, there should be a transfer of funds from the annual leaves budget to the summer and other type grant budget. The amount recommended is one-third of the middle step of the Associate Professor scale. Should more than one not be used, this motion is intended to cover just one instance." (College Council, December 14, 1981). For this calculation the mean Associate Professor salary will be used.

Review Criteria

In consideration of the Committee's previous work, it has established the following as the criteria by which applications for all types of leaves and grants will be reviewed:

Quality of the Project
Quality of the Proposal
Preparation for the Project
Feasibility of Timetable
Relationship of Project to Faculty Member's Professional Development
Relationship of Project to La Salle University community

The letter from the Department Chair now required as a confidential correspondence will assist the Committee in evaluating several of these issues from a disciplinary perspective.

Application Forms

Forms for applying for research leave, degree completion, "Other Type," and course reduction grants are now available in the Office of the Provost.

FACULTY SENATE, LA SALLE UNIVERSITY
MINUTES, MEETING #11
MAY 10, 1994

Present: Paul Brazina, David Cichowicz, Gary Clabaugh, Richard DiDio, Preston Feden, Marianne Gauss, Richard Geruson, William Grosnick, William Hall, FSC, Prafulla Joglekar, Emery Mollenhauer, FSC, Mary Lou McHugh, Elizabeth Paulin, Joseph Seltzer, Edward Sheehy, FSC., Joseph Volpe, Zane Wolf.

Excused: Nicholas Angerosa, Patricia Gerrity, John Seydow.

The President called the meeting to order at 9:40 a.m.

The final meeting of the 1993-94 Faculty Senate began with the unanimous approval of the minutes from the 18 April 1994 meeting.

The Chair of the Committee on Committees then presented the Senate with the names of faculty to fill two remaining slots on two University Committees. After a brief discussion, the Senate voted on each appointment.

The next item brought up for discussion and a vote concerned the creation of a non-tenure track position in the School of Nursing. The President informed the Senate of the Provost's request for Senate consultation (as required in the University Handbook) and outlined the Provost's reasons for supporting the creation of this position. After some discussion the following motion was made:

The Faculty Senate hereby informs the Provost of its approval of the creation of a non-tenure track position at the level of assistant professor in the School of Nursing. The motion passed (14-1-1).

The President then reported on the handbook changes regarding the tenure and promotion appeals process. In response to a letter from the President of the University, the President of the Senate met with the Provost to amend the proposed handbook changes. (N.B., in his letter, the President of the University concurred with the proposed changes but asked that the Senate also consider the problematic nature of the time lines which constrain the Tenure and Promotion Committee's work.) After some discussion, a motion was made that we accept the revisions to the handbook. The motion was passed (15-0-1).

The fifth item taken up by the Senate involved the wording of the Faculty Contract. The President began by updating the Senate on his discussions with the Vice President for Business Affairs. After a brief discussion, a motion was made that we appoint an ad hoc committee, chaired by the head of the Faculty Affairs Committee, to further pursue this issue and come up with a recommendation on how to amend the language of the faculty contract so that it explicitly recognizes the existence and meaning of tenure. The motion was passed (15-0-1).

The last item addressed by the 1993-94 Faculty Senate concerned the option of +/- grading. One member of the Senate reported on her review of the literature, none of which explicitly addressed the pro's and con's of a +/- grading system. The literature did,

however, suggest that there was no correlation between grade inflation and the type of grading system in place. This same member then made a motion that the Senate recommend to the Academic Affairs Committee that La Salle adopt an optional +/- grading system. Pursuant to a vote on this motion, Senate members once again passionately expressed their opinions about the adoption of this type of optional grading system. After hearing arguments on both sides, the Senate voted affirmatively on the motion (10-5-1).

Before closing, the President, on behalf of the Senate, extended his thanks and gratitude to those members who were leaving the Senate: Nicholas Angerosa, Richard DiDio, Mary Lou McHugh, and John Seydow.

The meeting adjourned at 11:14 a.m.

Respectfully submitted,

Elizabeth A. Paulin
Secretary, Faculty Senate

1994 - 1995 FACULTY SENATE
LA SALLE UNIVERSITY
MINUTES, MEETING # 1
May 10, 1994

Present:

Paul Brazina, David Cichowicz, Gary Clabaugh, Preston Feden, Marianne Gauss, David George, Patricia Gerrity, Richard Geruson, William Grosnick, William Hall, FSC, Prafulla Joglekar, Michael Kerlin, Steven Meisel, Emery Mollenhauer, FSC, Elizabeth Paulin, Joseph Seltzer, Edward Sheehy, FSC, Stephen Smith, Joseph Volpe, Zane Wolf.

Excused:

Craig Franz, FSC

At the conclusion of the election of officers of the Executive Committee, the President passed out descriptions of the various Senate subcommittees. The Senators were asked to rank order their preferences for committee assignments.

After the lunch recess, the President announced the appointments to the four standing committees of the Senate. (A list of officers and the committee assignments of Senators is appended to these minutes.)

The President then asked for suggestions for future Senate agenda items for the 1994-1995 sessions. Among the topics raised were:

- 1) There is a need to formally investigate the language of the faculty contract. Currently, there is some confusion as to the significance of, or protection afforded by, certain clauses and sentences.
- 2) The current salary structure needs to be reviewed. Once again, the Market Review and Appeals Committee has asked for a new charge. FAC discussions have an impact on salaries. In regards to both of these items, the Faculty Senate needs to examine this complex and difficult area in order to track issues of equity.
- 3) Regular updates on the activities of the University Council were requested.
- 4) Representation by members of the Faculty Senate on some of the subcommittees of the Board of Trustees should be pursued.
- 5) The election process for the Senate should be reevaluated to see if changes are needed concerning the ratios by rank.
- 6) The Senate should investigate the reason behind the one year delay between the approval of a tenure candidate and the actual receipt of a tenure contract.
- 7) The final topic of discussion was communication. Under this topic the following issues were addressed:
 - a) The need to tap into faculty sentiments by developing better mechanisms for gathering input.
 - b) Technological assets need to be made available to the faculty to better facilitate their communications.
 - c) Many decisions which affect Faculty are made without faculty input and then enforced with inadequate notice or explanation. Examples given were the Vitae database, the holding of faculty ID cards by security staff, the legalistic nightmare of managing adjunct faculty, the setting of policies by the Business Affairs area for the departmental chairs and the narrow and restrictive interpretation of the ADA. (Americans with Disabilities Act).

A motion was made concerning the reporting of senators' votes, for policy issues. The point was made that as a representative body, the Senate should inform the faculty of the way decisions are made. That this practice would be time-consuming was also discussed. The motion is

Votes on Policy issues will be recorded by name for each Senator, and will be reported in the minutes using the classifications of Voted Yes, Voted No, Abstained or Not Present.

The motion passed. (14-4-1)

An additional motion was made which would have permitted faculty to speak to the Senate at the beginning of each meeting in a 15 minute open block of time. However this motion was tabled to be discussed at the next meeting.

Next, the Senate voted on a recommendation of the Committee on Committees.

The Senate adjourned 1:15 p.m.

MEMORANDUM

16 September 1994

To: All Faculty

From: Mary C. Robertson, Sheekey Writing Center Director

Once again, the Writing Center continues to offer limited evening sessions for those students seeking writing, reading, and study skills advice. This semester, the Center will be open from 5:15 to 6:45 p.m. on Tuesdays and Wednesdays. Students may use the Center on a "drop-in" basis; however, if students want to be assured of seeing a tutor, we recommend making an appointment in advance, either by coming to the Writing Center or by calling X1299. Since Continuing Studies students in particular cannot always manage to use the Center's services during the day, please let your evening students know about these hours. (Please stress that while appointments are recommended, they are not required.)

In addition, during the weeks preceding and following midterms, the Center will be conducting its series of study and reading skills workshops. These workshops are designed to help students read and study more efficiently and effectively. Good students as well as weaker students can benefit from these sessions because whenever time is utilized more productively, a time "savings" also occurs which is something all students can use. A workshop schedule is attached so that you may pass along this information to your students.

Finally, if you would like your students to learn more about the Writing Center and its range of services by having someone from the Writing Center speak briefly to your class, please contact me at X1299 to make arrangements.
